

GUIDE TO FINDING U.S. GOVERNMENT DOCUMENTS IN THE NEWSPAPER & CURRENT PERIODICAL ROOM

The Library of Congress collects a wide variety of US Government Publications. The Serial & Government Publications Division has been considered a Federal Depository Library since 1979.

To request depository materials, complete a request form with the title of the document or publication, date or issue number, and the Superintendent of Documents (SuDocs) classification number. The division keeps a ten-year collection of depository materials. Documents that are dated earlier than that might be found in the Library's general collections.
